ROOTT library integration in BlueSkyPlan software

Instructions that help you to import ROOTT library in BlueSkyPlan software

Step 1. Download a new catalog using the link: https://bit.ly/3h0XAzlStep 2. Open BlueSkyPlan software, click Tools - Manage catalogs

Step 3. Click Import Catalog ...

Manage implant catalog			-						
Choose some catalog from the table below to switch catalog to that version. The change will take effect after Blue Sky Plan restart.									
Version	Date	Size	Selection						
6.12	10-July-2020	848.16 MB		×					
6.11	02-July-2020	802.78 MB		- ×					
6.7	26-May-2020	789.39 MB		- X					
6.2	22-April-2020	866.85 MB		$\pm \times$					
6.1	08-April-2020	868.53 MB		X					
 Show only compatible versions Download status 									
	Import Catalog	Close							

R ROOTT

Step 4. Choose downloaded file and click check mark in Section column

Ø Manage implant catal	_		×						
Choose some catalog from the table below to switch catalog to that version. The change will take effect after Blue Sky Plan restart.									
Version	Date	Size	Selection						
7.8	11-March-2021	752.89 MB		<u>+</u>	х				
7.6	12-February-2021	730.03 MB			×				
7.5	22-January-2021	697.40 MB			×				
7.3	18-December-2020	1.06 GB			×				
7.0	29-October-2020	876.82 MB			×				

Step 5. Restart the system.

Optional. Use BlueSkyPlan project that has a DICOM and loaded lower Jaw Model for testing: https://bit.ly/3oGSNFR

Step 6. Uncover hidden parts by clicking Add New Implant

Step 7. Hold Ctrl Shift and click Cancel button with the mouse. A new window shall appeal.

Start Wizaru LC	Add New Implant.) ()	- <u>n</u> x	to Denture Design 📎
